

## History of Online Inter-club Battles

In 2020 the UK, indeed the world, was hit by the Coronavirus. As a result of which many face-to-face meetings were cancelled as the country faced a general lockdown. Falkirk Camera Club clubhouse meetings were replaced with online meetings - using Zoom software. One bonus arising from this was the arranging of an online inter-club battle with Cannock PS. Not only were the members and competitors of each club logging on remotely but the judge also gave her remarks and scores from her home in Wales.

| Date      | Opponent(s) | Judge                      | Mono Scores |       | Colour Scores |       | Totals |       |
